A Remarkable Operation.

[Philadelphia North American.]

One of the most remarkable cases ever treated at the Wills Eye Hospital is that of Wm. Heritage, one of whose eyes had been cut in two by a piece of glass, resulting in the destruction of its power of vision, and who has had the use of the organ almost completely restored by an operation which included the sewing together of the cornea—the outer portion of the eye that resembles glass—with fine silk thread.

Heritage, who is 29 years old, was employed as the grinder of glass "stoppers" at the Glassboro works when the accident occurred.

The iris had been cut through extending down three quarters of an into the sclera. A part of the vitreous fluid was also lost, and the lower lid of the eye was cut five-eighths of an inch.

Will Import Swiss Help.

The Shelby County Colonization Company has filed articles of incorporation with a capital stock of \$25,000. A committee will be appointed to go to Switzerland and secure colonists—so says a telegram in the "reliable" papers; but as the company was organized to import Swedes, wonder how the committee is going to find them in Switzerland? Housekeepers, of Frankfurt, are also confronted with the servant problem, and propose to solve it by bringing in white servants. Attorney William Cromwell, of that city, representing about a dozen families, has gone to the Swiss Colony, in Laurel county, to secure the services of a number of young women as servants in Frankfurt families.
